## The 1700 Native Plants of Bucks County, PA

Bucks County, PA is blessed with an enormous range of physiographic regions, soil types, and hydrological conditions. Habitats range from the diabase areas of the Upper Bucks to the coastal plains of Lower Bucks, high palisades of the Delaware River to bog remnants, pristine freshwater ponds to tidal areas. These varied conditions host a dizzying array of species, sub-species, and naturally-occurring varieties. Common species are regularly available from ArcheWild; many can be grown under contract. Call ArcheWild at 855-752-6862 or e-mail us for more information at: [contact@archewild.com](mailto:contact@archewild.com)
